Bear this In mind.

That we keep every garment which we make sponged and pressed free of charge. It is our interest that the clothes which we make always be a source of satisfaction to the wearer. Sponging preserves the color; pressing gives shape and consequently style to a garment.

Tobin & Berry,
 Fine Tailoring.

The lifeless body of Walter Ruby, a young farmer, was found lying over the mound of his young wife in the grave yard at Vanderburg, Webster county, Monday morning. His wife recently died of typhoid fever, only three weeks after she had become his bride. The unfortunate man had brooded over his bereavement which had so crazed his brain that he committed suicide. A bullet hole in his temple and a discharged revolver near by revealed the manner of his death.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that a many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health, that it is the effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important in order to get its beneficial effect to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.
